

Forecast For Northwest England
Issued by Met Office Exeter
at 1600 on Tuesday 21 Sep 2021

++ Valid for broadcast between 1800 and 0600

Headline:

Largely dry overnight but turning cloudier.

This Evening and Tonight:

Staying dry through the evening with clear spells for many areas. Cloud building overnight and gradually spreading southeastwards, with some areas possibly seeing light rain. Winds strengthening through the night. Minimum temperature 9 deg C (48 deg F).

Wednesday:

Any lingering light rain clearing during the early morning leaving a dry day across the region. Cloud will break to give some sunshine. Breezy, particularly in exposure. Maximum temperature 18 deg C (64 deg F).

Outlook for Thursday to Saturday:

Staying breezy on Thursday with patchy rain in places. Cloudy with patchy light rain on Friday. Brighter on Saturday, though a few showers are possible. Breezy at times.
